## BOOK SYNOPSIS

A New York Times Book Review Notable Book "A must-read book for every American teacher and taxpayer." —Amanda Ripley, author of *The Smartest Kids in the World* Launched with a hugely popular New York Times Magazine cover story, *Building a Better Teacher* sparked a national conversation about teacher quality and established Elizabeth Green as a leading voice in education. Green's fascinating and accessible narrative dispels the common myth of the "natural-born teacher" and introduces maverick educators exploring the science behind their art. Her dramatic account reveals that great teaching is not magic, but a skill—a skill that can be taught. Now with a new afterword that offers a guide on how to identify—and support—great teachers, this provocative and hopeful book "should be part of every new teacher's education" (Washington Post).
