BOOK SYNOPSIS

This book is, without doubt, the most powerful book on our planet that covers the topic of making someone fall in love with you. Up to this day, I can assure you that there is no other book similar or even close in content to this one. The book will definitely increase your chances of making someone love you by at least ten folds. How it works: As soon as we are born we start acquiring different beliefs, learning different values and developing specific unmet needs. These beliefs, values and unmet needs form our unconscious love map. The unconscious love map is a list present in the subconscious mind that has all the traits of the perfect potential partner we are looking for. Now what if you learned how to collect information about a person's love map then managed to show that person that you are the one who can meet all of the conditions present in this love map? The quick answer is, that person will fall in love with you. About the Author: M.
