BOOK SYNOPSIS

CIA superagent Mitch Rapp is back in action in this high-velocity adventure from the master of the political thriller, Vince Flynn. SEPARATION OF POWER CIA director Thomas Stansfield is dead -- a fact many individuals in and around the nations capital are pleased to hear. But their happiness proves to be short-lived once they learn that Stansfields successor is the late directors close friend and protégé, Dr. Irene Kennedy. Her plan of action is to pursue the very goals Stansfield established - something Stansfields fiercest enemies dont want to hear. And something they refuse to accept. Meanwhile, Israel has discovered that Saddam Hussein is close to entering the nuclear arms race -- and theyve vowed to stop the Iraqi madman before he can get his hands on the ultimate weapon. With the Middle East teetering on the precipice of chaos and devastation, the president of the United States is forced to act. The commander in chiefs secret weapon? None other than the CIAs top counterterrorism operative, Mitch Rapp. But the window for action on this crucial mission is incredibly tight. Israel has given the United States only two weeks to take the nukes out. After that, theyll do whatever it takes to destroy the weapons themselves. With the haunting specter of World War III looming, Rapp races against time and impossible odds -- navigating the deadly alleys of Baghdad, tearing through the corruption-riddled streets of Washington, D.C., and taking drastic measures against anyone who gets in his way. With action that sizzles and true-to-life insider detail, Separation Of Power showcases New York Times bestselling author Vince Flynn at his shell-shocking best.
